

The Planning Process

Q: Who are members of the Project team?

Tlingit Homeland Energy (THEL), a member of the Taku Group of Companies is the proponent of Atlin's Hydro Opportunity. THEL is working with engineers, planners, construction professionals, communications, and engagement consultants, along with Qualified Professionals in every discipline relative to the Project impacts and needs to ensure development is smooth and responsibly executed. Together, these groups make up the Project team.

Q: How will the Project team consult and communicate with stakeholders and the community?

The Project is currently in Phase 3: Optimizing & Financing.

Through this Phase, we have and will continue to communicate and engage with the Atlin and the wider community through the channels listed below.

Updates & Communications	Engagement Opportunities
